

Order Your Copy of the **NEWEST** Issue of OHCA's Buyer's Guide & Directory

Within OHCA's directory you will find a lot of great resources for use in the long term care profession. Read the quick overview below to know how you can best utilize this resource.

Throughout the **OHCA information** tab you will see information on what the association is all about and what benefits you can take advantage of as a member. You will find information on the individuals who are involved with OHCA including the executive board, OHCA staff, committee chairs, sponsors, award recipients, and member discount program partners.

There are many helpful listings in this Directory including the **Corporate Offices** (those businesses that own or operate more than one facility in Oregon) that are members of OHCA.

Listings of **providers** are separated in to different tabbed sections based on their license/provider type. If you don't know what section to look in, you can browse through a listing of **providers alphabetically** in the *second to last* tab.

Utilize the **Buyer's Guide** section to find OHCA's Business Partner members when you are looking for a specific product/service. They are first listed by the type of product/service they provide and then an alphabetical index is included at the end of that section as well.

The last section of this guide is a Resource Guide which OHCA has compiled in order to help our members find the services and information they need.

We hope that you find the information in this Buyer's Guide & Directory to be helpful and of use to you in your business.
